Mike:
See Lisa's comments. She needs a Widescreen (16:9) version for the Sunday slides.
Dad

Wow...what a professional slide! Love it but we need a Widescreen (16:9) version for our rotating slides on Sunday. Can I either get the original doc so I can edit it or another jpg that meets the requirement? Thanks.

OK. Use this one attached instead. This is the 16:9 version to use for the slide rotation.

Here's the final 16.9 version to use for the slide rotation. If you have questions, please ask my son Mike directly who is the professional.

Ummm, I think you meant to send that to either Peter or Lisa instead of me.
